## MANCHURIA INVADED BY JAPANESE FORCES

DETACHMENTS FROM GENERAL TACHIMI'S DIVISION CROSS THE YALU RIVER.

MEET WITH NO OPPOSITION

OCCUPY SEVERAL SMALL TOWNS WITHOUT BEING ENGAGED BY THE RUSSIANS.

MOVE IS MOST IMPORTANT

REGARDED AS BEING MORE SIGNIFICANT THAN ANY OTHER LAND OPERATION.

Tokio, April 26.—The war department, without making public the point from which the message was received, announces that detachments from General Tachimi's division entered Manchuria Saturday, crossing the Yalu river near the intersection with the Chang river, and occupied the Manchurian towns of Seuhwangko and Seupohoka. These towns are just southwest of the important Korean town of Chosan, and the soldiers who crossed the Yalu at this point undoubtedly belong to the army which was landed in Eastern Korea—at Wonsan and Chungyang. From both points there are military roads, and undoubtedly several brigades of the First division of the Japanese army are in the territory between Chosan and Wiyon, on the upper Yalu.

The government announces that infantry and cavalry occupied the Manchurian towns named, but does not say in what force. There was no opposition from the enemy, which is known to be entrenched on the west bank of the Chang river.

While military officers will not formally discuss this important advance by the Japanese army, there is no doubt that it is the most significant land operation so far since the declaration of war. It is proof that the Japanese in force have been able to penetrate Northern Korea without opposition, and are now 120 miles above the mouth of the Yalu, while another division of the army under the direction of General Inouye has more than 40,000 men in and about Wiyon.

ADMITTED AT ST. PETERSBURG.

Japanese Cross the Yalu Without Much Trouble.

St. Petersburg, April 26.—On April 23 a mixed Japanese detachment of infantry and cavalry crossed the Yalu river below Chosan and occupied small Manchurian towns on the northwest bank of the river. The important point in this admission is that the Japanese have been able to bring their material for landing purposes north of Antung, and apparently are planning an invasion of Manchuria directly southeast of Funghwang. If the Japanese troops that crossed the Yalu at Chosan are in any force there will then be two lines moving at almost right angles toward the main Russian camp.

JAP SOLDIERS KILLED

RUSSIAN MINE EXPLODES AS INFANTRYMEN CROSS OVER IT IN KOREA.

New York, April 26.—A Herald special from Seoul says a mine laid by the retreating Russians in a mountain pass south of Wiyu exploded while Japanese infantry was passing over the pass. Many Japanese soldiers were killed and wounded, but details are unobtainable.

PLAYS A STRONG CARD.

Kuropatkin Gets Into the Game of Strategy.

St. Petersburg, April 26.—General Kuropatkin has played a strong card in the game of strategy. A large portion of General Rennenkampf's Cossack cavalry division has been thrown across the upper reaches of the Yalu and a considerable force of cavalry which crossed the Tumen some time ago is moving down to the southwest to effect a juncture with it. Together with this force, which it is believed totals 2,000 men, he will threaten General Inouye's left flank when the Japanese are ready to cross lower down on the Yalu. Being composed of cavalry, with a few mountain guns, Rennenkampf's force is extremely mobile. Unless it should be dislodged it will compel the Japanese to leave a very strong army to guard the communications, whereas if a Japanese force should be sent to drive it out it would have to move directly away from the main army, while the Russian army, if compelled to fall back, can recross in the direction of the Russian troops concentrated in Manchuria.

KUROPATKIN TO COMMAND.

Will Eventually Displace Alexieff in the Far East.

St. Petersburg, April 26.—General Kuropatkin, it is believed in the highest military circles here, is destined to become commander-in-chief of all the emperor's forces, both military and naval, in the far East.

Admiral Alexieff may remain there for some little time as viceroy, but his reign is considered practically ended. He will not be humiliated, but in order to effect harmonious relations a way will be found to secure his elimination.

While Alexieff and Kuropatkin are on fairly good terms, harmonious relations between Vice Admiral Skrydloff and the viceroy are considered impossible and with the three enjoying independent commands it is realized that friction ultimately would be bound to arise, which might endanger successful operations. Skrydloff and Kuropatkin, on the contrary, are warm personal friends.

With Alexieff removed from the theater of war and in view of the patent necessity to have a supreme commander of both the army and navy on the ground, as well as to insure perfect harmony, Vice Admiral Skrydloff, because of the minor role which the fleet will play, has already expressed his willingness to accept the post of commander of the naval forces under General Kuropatkin as commander-in-chief.

UNITED STATES MAY OBJECT.

Other Powers Will Acquiesce in Russia's Note on Wireless News.

Paris, April 26.—The St. Petersburg correspondent of the Journal says it is now certain that the powers will acquiesce in the Russian note declaring that the use of wireless telegraphy by private persons constitutes espionage. The United States alone, the correspondent says, is expected to make certain reservations.

DENIED FROM PORT ARTHUR.

Rumor That Japanese Had Landed at Dalny.

St. Petersburg, April 26.—A dispatch from Port Arthur denies the report that 20,000 Japanese have landed at Dalny.

The dispatch states that there is no change in the situation on the Liaotung peninsula.

RUSSIAN VLADIVOSTOK SQUADRON APPEARS IN HARBOR OF GENSAN, KOREA.

Tokio, April 26.—The cruisers Rosalia and Gromobi of the Vladivostok squadron participated in an attack on Gensan, Korea, Monday. They were accompanied by a third cruiser not yet identified and by two torpedo boats. Later they entered the harbor, ordered the crew of the Goyo Maru ashore and then sunk her. A detachment of marines was landed, but was recalled and the warships steamed outside of the harbor. The Japanese and many Koreans fled when the Russians approached.

SQUADRON HAS DISAPPEARED.

Vladivostok Vessels Sank an Old Coasting Steamer.

Seoul, April 26.—Latest reports from Gensan state that the Vladivostok squadron has disappeared.

The steamer Goyo Maru, which was sunk in the harbor at Gensan by the Russian Vladivostok squadron, was an old coasting steamer of 576 tons and was owned in Chemulpo by a Korean company which chartered it to the Japanese. The Japanese community at Gensan numbers 2,500 and owns much property there.

The Japanese garrison refrained from firing on the enemy during the sinking of the steamer because they did not desire to draw a retaliatory bombardment.

The Russian squadron consisted of four cruisers and two torpedo boat destroyers.

REPORTED BY KUROPATKIN.

Small Bodies of Jap Cavalry Cross the Yalu River.

St. Petersburg, April 26.—The Emperor has received the following telegram from General Kuropatkin:

"General Sausulitch reports under date of April 24 that during recent days the Japanese have been observed landing pontoon material and collecting boats in preparation for the construction of bridges in the neighborhood of Wiyu and also near the village of Sigou, ten miles further up the river."

"On April 23 a Japanese detachment consisting of two companies of infantry and a small body of cavalry crossed the Yalu ten miles below Siaooussizhe. General Sausulitch immediately reinforced the cordons on our front. Small parties of the enemy were seen preparing to cross elsewhere in that vicinity."

"All is quiet south of the Yalu."

MOBILIZING A THIRD ARMY.

Japan Preparing to Put Another Large Force in the Field.

Berlin, April 26.—The Tokio correspondent of the Tageblatt announces the mobilization of a third army. He says it is now disclosed that a reserve brigade corresponding to each division of the active army has been mobilized therewith, and that consequently, each army embraces nearly 100,000 men, instead of being of the strength previously assumed.

The bill to authorize the construction of a lighthouse and fog signal station at Diamond Shoal, N. C., occasioned a long debate, but finally passed without division. An objection to a request by Mr. Grosvenor for leave to print brought a mild protest from him, which aroused Mr. Gaines of Tennessee, who charged that Mr. Grosvenor had printed everything in the Record about President Roosevelt, which the president did not do.

Boiler Explosion Fatal to One.

Pound, Wis., April 26.—The boiler of Frank Hammes' saw mill exploded during the day, killing William Squire and injuring five other men. The boilerhouse and part of the mill was wrecked.

HALE COUNSELS DELAY.

Would Have Battleship Construction Wait on Russo-Jap War.

Washington, April 26.—Whether the president shall order the construction of the battleship provided for in the naval appropriation bill, or wait until the war in the far East demonstrates the comparative utility of the big fighter and the torpedo boat craft, was a question raised in the senate Monday by Mr. Hale of Maine on the adoption of the conference report. It was developed that the language of the bill was permissive and that the president and secretary of the navy could defer action if they deemed it advisable. Mr. Hale declared that if he were secretary of the navy he should not dare to go on now and commit the government to the building of an immense battleship if it would not surprise him if events in the Russo-Japanese war demonstrated that the \$150,000,000 paid for big battleships were a bad investment for his government. Several other senators counseled delay.

Mr. Bacon discussed trusts, replying to the recent speech of Mr. Dilliver.

The military appropriation bill, the last of the general appropriation measures, was under consideration at the hour when memorial speeches for the late Representative Thompson of Alabama, were begun.

MOYER STILL IN CUSTODY.

Colorado Court Denies His Application for Release.

Denver, Colo., April 26.—The state supreme court Monday denied the motion for the release of Charles H. Moyer, president of the Western Federation of Miners, on bail pending a decision of the habeas corpus proceedings in his behalf. The hearing on the merits of the case was set for May 5. Meantime Moyer will be held as prisoner in the military bull pen at Telluride.

COMPLICATIONS MAY ENSUE.

Fight Between Turkish Gendarmes and Greeks at Smyrna.

A Greek squadron has sailed for Smyrna.

PLEADS GUILTY TO MURDER.

Frank McNamara Will Be Sent to Prison for Life.

New York, April 26.—Frank McNamara, who shot and killed Captain George R. Jennings, president of the Jennings Adjustable Shade company of Brooklyn, on Feb. 18, pleaded guilty to murder in the first degree when arraigned for trial Monday. He will be sentenced to Sing Sing for life.

According to evidence against McNamara he stole \$5,000 worth of gold shavings from the Fahys Watch Case company of Chicago. For his last theft, McNamara received a draft for \$2,000. He was then in Brooklyn, and induced Captain Jennings to allow the draft to be deposited to his account in the borough bank. It was then agreed that McNamara should withdraw the money in sums of \$500. When Jennings discovered how McNamara obtained the money he refused to let him have any more of it until he had obtained a release from the Fahys company.

McNamara then made up his mind to kill Jennings and did when he next visited Brooklyn.

W. H. JOHNSON ACQUITTED.

Judy Exonerates the Former Minneapolis Official.

Minneapolis, April 26.—The jury in the case of W. H. Johnson, former superintendent of the poor, charged with presenting a fraudulent bill to a public officer, returned a verdict of not guilty.

At the close of the case Deputy Sheriff Allison stepped up to Charles H. Brown in the courtroom and in the presence of the jury placed him under arrest. Brown was the state's star witness, but he broke down Saturday and admitted that he had testified falsely reading many material points. He even declared that he was Johnson's accomplice in a scheme to "raise" grocery bills for their mutual profit at the expense of the city.

JOHN. K. COWEN DEAD.

Former President of the Baltimore and Ohio Victim of Heart Trouble.

Chicago, April 26.—John K. Cowen, former president of the Baltimore and Ohio railroad, died Monday at the residence of his sister, Mrs. A. H. Sweeney, in this city. Mr. Cowen had been ill for over four months with heart trouble, and for some time his illness was expected to have a fatal termination, although the end came suddenly.

While military officers will not for-

PLAYS A STRONG CARD.

Kuropatkin Gets Into the Game of

St. Petersburg, April 26.—General  
Kuropatkin has played a strong card  
in the game of strategy. A large por-  
tion of General Rennenkampf's Cos-

across the upper reaches of the Yalu

KUROPATKIN TO COMMAND.

Will Eventually Displace Alexieff in  
the Far East.

St. Petersburg, April 26.—General  
Kuropatkin, it is believed in the hi-  
gh military circles here, is destined to

emperor's forces, both military and

the fleet will play, has already ex-  
pressed his willingness to accept the  
post of commander of the naval forces  
under General Kuropatkin as com-

GENSAN, KOREA.

Tokio, April 26.—The cruisers Ros-  
sia and Gromobi of the Vladivostok  
squadron participated in an attack on  
Gensan, Korea, Monday. They were  
accompanied by a third cruiser not yet  
identified and by two torpedo boats.  
Later they entered the harbor, ordered  
the crew of the Goro Maru ashore and  
then sank her. A detachment of  
marines was landed, but was recalled  
and the warships steamed outside of  
the harbor. The Japanese and many  
Koreans fled when the Russians ap-  
proached.

SQUADRON HAS DISAPPEARED.

Vladivostok Vessels Sank an Old  
Coasting Steamer.

Seoul, April 26.—Latest reports from  
Gensan state that the Vladivostok  
squadron has disappeared.  
The steamer Goro Maru, which was  
sunk in the harbor at Gensan by the  
Russian Vladivostok squadron, was an  
old coasting steamer of 576 tons and  
was owned in Chempulpo by a Korean  
company which chartered it to the  
Japanese. The Japanese community  
at Gensan numbers 2,500 and owns  
much property there.

The Japanese garrison refrained  
from firing on the enemy during the  
sinking of the steamer because they  
did not desire to draw a retaliatory  
bombardment.

The Russian squadron consisted of  
four cruisers and two torpedo boat de-  
stroyers.

REPORTED BY KUROPATKIN.

Small Bodies of Jap Cavalry Cross the  
Yalu River.

St. Petersburg, April 26.—The Em-  
peror has received the following tele-  
gram from General Kuropatkin:  
"General Sasulitch reports under  
date of April 24 that during recent days  
the Japanese have been observed land-  
ing pontoon material and collecting  
boats in preparation for the construc-  
tion of bridges in the neighborhood of  
Wiju and also near the village of Si-  
gon. Ten miles further up the river."  
On April 23 a Japanese detachment  
consisting of two companies of in-  
fantry and a small body of cavalry  
crossed the Yalu ten miles below  
Siapoussizhe. General Sasulitch im-  
mediately reinforced the cordons on  
our front. Small parties of the enemy  
were seen preparing to cross elsewhere  
in that vicinity.  
"All is quiet south of the Yalu."

MOBILIZING A THIRD ARMY.

Japan Preparing to Put Another Large  
Force in the Field.

Berlin, April 26.—The Tokio cor-  
respondent of the Tageblatt announces  
the mobilization of a third army. He  
says it is now disclosed that a reserve  
brigade corresponding to each division  
of the active army has been mobilized  
therewith, and that consequently,  
each army embraces nearly 100,000  
men, instead of being of the strength  
previously assumed.

## SEVEN PEOPLE SLAIN

TORNADO AT FAIRLAND, I. T.,  
ALSO FATALLY INJURES A  
NUMBER OF OTHERS.

MANY PLACES ARE VISITED

DEATH LIST INCREASED BY RE-  
PORTS FROM TOWNS STRUCK  
BY THE WIND STORM.

Fairland, I. T., April 26.—Half a  
dozen business blocks were destroyed  
by a tornado that swept through here  
during the afternoon, killing seven  
persons outright and injuring a num-  
ber of others. Three of the injured  
will die.

The dead are: Mrs. Mary Lamar,  
Mrs. John Lemaster, Arthur Brought,  
a child of N. J. Honck, Elijah Russell,  
his wife and child.

It is estimated that the tornado  
caused property damage to the extent  
of \$10,000. Four miles south of here  
the tornado was even more severe.  
Farm houses and barns were complet-  
ely demolished, and farm stock was  
killed.

An Indian woman and her child  
were killed by a storm at Tehlequa,  
I. T.

Near Needmore Bert Delay's house  
was wrecked by a tornado his twelve-  
year-old son killed and Delay seriously  
hurt.

At Clearwater, I. T., James Russell,  
Miss Russell, his daughter, a school  
teacher; Mrs. Keller, Mrs. J. D.  
Thomas and daughter, were danger-  
ously injured and many others hurt.  
Twenty residence and business houses  
at Clearwater were wrecked. Near  
Afton much stock was killed.

Muskogee, I. T., April 26.—John  
Truelove and child were killed and  
Mrs. Truelove was fatally hurt in a  
storm that destroyed their home at  
Choteau, I. T. Near Choteau an un-  
known young man was blown a quarter  
of a mile and killed. His father was  
blown a long distance, but escaped  
serious injury.

SEVERAL LIVES LOST.

Wind and Rain Storm Also Damages  
Much Property.

Pine Bluff, Ark., April 26.—The wind  
and rain storm in the eastern section  
of Jefferson county caused the loss of  
several lives and much damage to  
property in that section.

At Pastoria two persons were killed  
and five injured, one perhaps fatally.  
The residence of Martin Sanders, col-  
ored, the Hill place, was totally de-  
stroyed and Sanders' wife had a rib  
broken and was injured internally.  
His young son was struck on the head  
with a falling timber and may die.

On the Ben Mosique place the resi-  
dence of Pleas Thomas was blown  
down and his two boys killed outright.  
Others whose names could not be  
learned were injured. Thomas' wife  
sustained internal injuries and is in a  
critical condition. Crops in the fields  
in the path of the storm were also  
damaged.

Sherill was another town that suffered  
from the storm, but the damage is  
not great. Mrs. T. J. Jenkins was  
seriously injured in the wreck of her  
home.

HEAVY PROPERTY LOSS.

Storm Destroys Dwellings and Fac-  
tories in Kentucky.

Louisville, Ky., April 26.—A heavy  
wind and rain storm swept Central and  
Western Kentucky Monday, causing  
a total property loss of nearly \$200,  
000. So far as known no lives were  
lost. Within the city limits of Paris,  
the total damage is estimated at \$30,  
000, dozens of dwellings, factories,  
etc., being damaged and several build-  
ings were completely wrecked. The  
tremendous rain caused heavy loss on  
crops.

Tornado in Missouri.

Monett, Mo., April 26.—A tornado  
that began near the west boundary of  
the town traveled northeast for two  
miles, damaging several houses and  
badly injuring Mrs. Tracy Rheimsmith.  
The width of the tornado was not more  
than fifty feet. At Higbee, Mo., sev-  
eral buildings were damaged and Mrs.  
John Carman, colored, was seriously  
injured.

ALASKA DELEGATE BILL.

Passes the House Along With Many  
Other Measures.

Washington, April 26.—The house  
Monday passed a large number of bills,  
including the Alaska delegate bill.  
The bill to authorize the construction  
of a lighthouse and fog signal station  
at Diamond Shoal, N. C., occasioned a  
long debate, but finally passed without  
division. An objection to a request by  
Mr. Grosvenor for leave to print  
brought a mild protest from him, which  
aroused Mr. Gaines of Tennessee, who  
charged that Mr. Grosvenor had print-  
ed everything in the Record about  
President Roosevelt, which the presi-  
dent did not do.

Boiler Explosion Fatal to One.

Pound, Wis., April 26.—The boiler  
of Frank Hammes' saw mill exploded  
during the day, killing William Squire  
and injuring five other men. The

wrecked.

HALE COUNSELS DELAY.

Would Have Battleship Construction  
Wait on Russo-Jap War.

Washington, April 26.—Whether the  
construction of the battleship provided for in  
the naval appropriation bill, or wait until  
the war in the far East demonstrates  
the comparative utility of the big  
fighter and the torpedo boat craft, was  
a question raised in the senate Mon-  
day by Mr. Hale of Maine on the  
adoption of the conference report. It  
was developed that the language of  
the bill was permissive and that the  
president and secretary of the navy  
could defer action if they deemed it ad-  
visable. Mr. Hale declared that if he  
were secretary of the navy he should  
not dare to go on now and commit the  
government to the building of an im-  
mense battleship for it would not sur-  
prise him if events in the Russian-  
Japanese war demonstrated that the  
\$150,000,000 paid for big battleships  
were a bad investment for this govern-  
ment. Several other senators coun-  
seled delay.

Mr. Bacon discussed trusts, replying  
to the recent speech of Mr. Dilliver.

The military appropriation bill, the  
last of the general appropriation mea-  
sures, was under consideration at the  
hour when memorial speeches for the  
late Representative Thompson of Ala-  
bama, were begun.

MOYER STILL IN CUSTODY.

Colorado Court Denies His Appli-  
cation for Release.

Denver, Colo., April 26.—The state  
supreme court Monday denied the mo-  
tion for the release of Charles H.  
Moyer, president of the Western Fed-  
eration of Miners, on bail pending a  
decision of the habeas corpus proceed-  
ings in his behalf. The hearing on  
the merits of the case was set for May  
5. Meantime Moyer will be held as  
prisoner in the military bull pen at  
Telluride.

COMPLICATIONS MAY ENSUE.

Fight Between Turkish Gendarmes  
and Greeks at Smyrna.

Athens, April 25.—An affray be-  
tween Turkish gendarmes and Greeks  
is reported from Smyrna, in which M.  
Delyannis, secretary of the Greek con-  
sulate, was slightly wounded. Serious  
complications may ensue.

PLEADS GUILTY TO MURDER.

Frank McNamara Will Be Sent to  
Prison for Life.

New York, April 26.—Frank Mc-  
Namara, who shot and killed Captain  
George H. Jennings, president of the  
Jennings Adjustable Shade company  
of Brooklyn, on Feb. 18, pleaded guilty  
to murder in the first degree when ar-  
raigned for trial Monday. He will be  
sentenced to Sing Sing for life.

According to evidence against Mc-  
Namara he stole \$5,000 worth of gold  
shavings from the Fahys Watch Case  
company of Chicago. For his last  
theft, McNamara received a draft for  
\$2,000. He was then in Brooklyn, and  
induced Captain Jennings to allow the  
draft to be deposited to his account in  
the borough bank. It was then agreed  
that McNamara should withdraw the  
money in sums of \$500. When Jen-  
nings discovered how McNamara ob-  
tained the money he refused to let  
him have any more of it until he had  
obtained a release from the Fahys  
company.

McNamara then made up his mind  
to kill Jennings and did when he next  
visited Brooklyn.

**W. H. JOHNSON ACQUITTED.**

Judy Exonerates the Former Minneap-  
olis Official.

Minneapolis, April 26.—The jury in  
the case of W. H. Johnson, former  
superintendent of the poor, charged  
with presenting a fraudulent bill to a  
public officer, returned a verdict of not  
guilty.

At the close of the case Deputy  
Sheriff Allison stepped up to Charles  
H. Brown in the courtroom and in the  
presence of the jury placed him under  
arrest. Brown was the state's star  
witness, but he broke down Saturday  
and admitted that he had testified  
falsely reading many material points.  
He even declared that he was John-  
son's accomplice in a scheme to  
"raise" grocery bills for their mutual  
profit at the expense of the city.

**JOHN. K. COWEN DEAD.**

Former President of the Baltimore and  
Ohio Victim of Heart Trouble.

Chicago, April 26.—John K. Cowen,  
former president of the Baltimore and  
Ohio railroad, died Monday at the  
residence of his sister, Mrs. A. H.  
Sweeney, in this city. Mr. Cowen had  
been ill for over four months with  
heart trouble, and for some time his  
illness was expected to have a fatal  
termination, although the end came  
suddenly.

## Swedish M. E. Church Social

The Swedish M. E. church gave an entertainment at Bakkala hall last evening which was an enjoyable event. After a short address by the genial pastor, Rev. Glemaker, the Brainerd Glee club, under the able leadership of Frank A. Ponth, sang several selections embracing Swedish folk songs, a "Spring Song" whose tones sounded the triumphant march of a welcome conqueror and a quaint composition, entitled "A Chinese March." Little Jack Stoltz and Margie Berget recited. The Swedish M. E. church quartette responded with a song in a happy manner, followed by a cornet solo by Mr. Elvig. John A. Hoffbauer played a violin solo and Mrs. R. D. Bruce sang "A Dream of Paradise." A song by Mrs. A. Engstrom, a tenor solo by Robert Johnson and a violin selection by Miss Julia Hoffbauer, completed the program. The ladies of the church served dainty refreshments.

## HYOMEI'S SUCCESS IN BRAINERD

Cured Many Serious Cases of Catarrh.

H. P. Dunn & Co. Will Refund Money If It Fails.

No other medicine or treatment for catarrh has ever achieved such quick and remarkable success in Brainerd as Hyomei. The fact that H. P. Dunn & Co., when they first introduced Hyomei sold it under a positive guarantee to refund the money in case it did not cure contributed largely to its successful introduction. A guarantee from a firm like H. P. Dunn & Co. gave people confidence at the start.

Those who obtained a Hyomei outfit found that the treatment did all that was claimed for it; that the first few breaths of Hyomei cleared the air passages and gave an exhilarating and invigorating effect. Its continued use freed the system from all catarrhal germs, soothed and healed the mucous membrane, and made a complete and lasting cure.

Compared with the dangerous stomach drugging that had been used heretofore in the treatment of catarrh, the balsamic air of Hyomei created a most favorable impression. And the medicine itself did even more than was claimed for it. In fact, to make a success, it was necessary that Hyomei should cure nearly every case of catarrh in which it was used, for every outfit was sold on a guarantee to refund the money in case it failed.

If it had not possessed unusual merit, an offer like this would have resulted in an enormous loss. But curing as it did, Hyomei soon gained an enviable reputation and made many friends who recommended it far and near. Its success here in Brainerd has been remarkable, and H. P. Dunn & Co. are still selling it on their personal guarantee to refund the money in case it does not give satisfaction.

## ARE READY FOR EXECUTION

\$35,000 Refunding School Bonds Taken by the Harris Co., of Chicago, to be Considered at Next Meeting

The \$5,000, which is taken from the sinking fund of the Brainerd school district, to pay up this amount of the \$40,000 bonds, was sent to Chicago today together with the interest. The new refunding bonds, amounting to \$35,000 are now ready for execution and will in all probability be acted upon at the next meeting of the board of education early in May.

The members of the board of education in this transaction show their ability as business men in that they retired \$40,000 in bonds at something like 6 per cent and replaced \$35,000 of this amount at something like 4 per cent, to say nothing of the very handsome little premium of something like \$1,100 which they received.

## Swedish M. E. Church Social

The Swedish M. E. church gave an entertainment at Bakkala hall last evening which was an enjoyable event. After a short address by the genial pastor, Rev. Glenaker, the Brainerd Glee club, under the able leadership of Frank A. Ponth, sang several selections embracing Swedish folk songs, a "Spring Song" whose tones sounded the triumphant march of a welcome conqueror and a quaint composition, entitled "A Chinese March." Little Jack Stoltz and Margie Beret recited. The Swedish M. E. church quartette responded with a song in a happy manner, followed by a cornet solo by Mr. Elvig. John A. Hoffbauer played a violin solo and Mrs. R. D. Bruce sang "A Dream of Paradise." A song by Mrs. A. Engstrom, a tenor solo by Robert Johnson and a violin selection by Miss Julia Hoffbauer, completed the program. The ladies of the church served dainty refreshments.

## HYOMEI'S SUCCESS IN BRAINERD

Cured Many Serious Cases of Catarrh.

H. P. Dunn & Co. Will Refund Money If It Fails.

No other medicine or treatment for catarrh has ever achieved such quick and remarkable success in Brainerd as Hyomei. The fact that H. P. Dunn & Co., when they first introduced Hyomei sold it under a positive guarantee to refund the money in case it did not cure contributed largely to its successful introduction. A guarantee from a firm like H. P. Dunn & Co. gave people confidence at the start.

Those who obtained a Hyomei outfit found that the treatment did all that was claimed for it; that the first few breaths of Hyomei cleared the air passages and gave an exhilarating and invigorating effect. Its continued use freed the system from all catarrhal germs, soothed and healed the mucous membrane, and made a complete and lasting cure.

Compared with the dangerous stomach drugging that had been used heretofore in the treatment of catarrh, the balsamic air of Hyomei created a most favorable impression. And the medicine itself did even more than was claimed for it. In fact, to make a success, it was necessary that Hyomei should cure nearly every case of catarrh in which it was used, for every outfit was sold on a guarantee to refund the money in case it failed.

If it had not possessed unusual merit, an offer like this would have resulted in an enormous loss. But curing as it did, Hyomei soon gained an enviable reputation and made many friends who recommended it far and near. Its success here in Brainerd has been remarkable, and H. P. Dunn & Co. are still selling it on their personal guarantee to refund the money in case it does not give satisfaction.

Next Sunday will be a very important day for those interested in the Norwegian Danish Lutheran church in this city. Ceremonies will be held at 10:30 o'clock in the morning attending the laying of the corner stone of the new edifice being erected on Bluff avenue south.

Bishop Bjorge, of Red Wing, will be present and will deliver the principal address and others from out of the city will take a prominent part in the program.

## ARE READY FOR EXECUTION

\$35,000 Refunding School Bonds Taken by the Harris Co., of Chicago, to be Considered at Next Meeting

The \$5,000, which is taken from the sinking fund of the Brainerd school district, to pay up this amount of the \$40,000 bonds, was sent to Chicago today together with the interest. The new refunding bonds, amounting to \$35,000 are now ready for execution and will in all probability be acted upon at the next meeting of the board of education early in May.

The members of the board of education in this transaction show their ability as business men in that they required \$40,000 in bonds at something like 6 per cent and replaced \$35,000 of this amount at something like 4 per cent, to say nothing of the very handsome little premium of something like \$1,100 which they received.

## MRS. T. C. BLEWITT DIED SUDDENLY

Sank Rapidly Last Night After Calling Friends and Loved Ones to Her Side

GAVE BIRTH TO CHILD RECENTLY

Mrs. Blewitt Was a Lovable, Sweet Dispositioned Woman and Had Made Many Friends.

The angel of death descended from the skies last night and hovered but for a moment about a quiet little chamber at St. Joseph's hospital. There was a sigh, a moan and a loving glance and the life of Mrs. T. C. Blewitt, beloved by a large circle of friends, passed out and beyond the pall of earthly grief and sorrow, up among the angel hosts.

The passing away of this lady was one of the saddest events that has been chronicled for some time in this city and those who have been closest to her realize full well the meaning of this assertion. A few days ago Mrs. Blewitt was taken to St. Joseph's hospital where she gave birth to a little baby girl, and while preceding and following the birth she was a very sick woman, she had regained some of her old strength and yesterday it was thought that she would surely recover.

At about 6:30 o'clock Mrs. C. D. McKay, who had been a very intimate friend, called at the hospital and both she and Mrs. Blewitt seemed in good spirits. Mrs. Blewitt at that time seemed bright and cheerful and thought herself that she was feeling better and that she would soon be out from under the load of pain.

It was about an hour after this when Mrs. McKay had gone home that she was called to the hospital again and she hastened to the bedside of her old friend

## COOK-LONGMAN

Two Popular Young People of the City United in Marriage Last Evening at Home of Judge and Mrs. Mantor.

Last night at 8:30 o'clock at the home of Mr. and Mrs. W. H. Mantor on Fifth street north, occurred the marriage of Mr. Edward J. Cook and Miss Eloise Longman, the Rev. William J. Moody of St. Paul's church performing the ceremony.

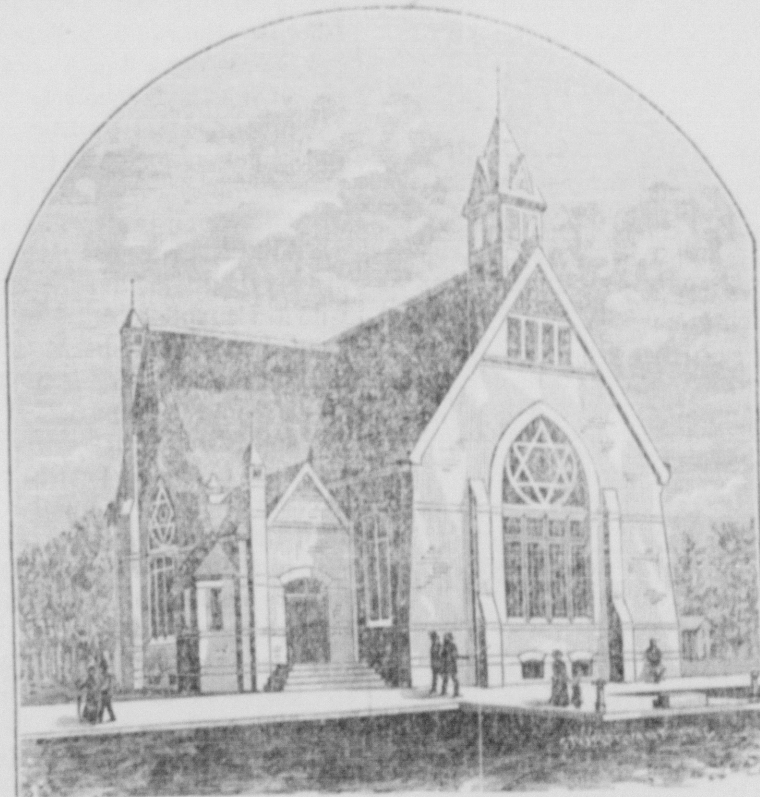

The wedding was beautifully simple and none but a few relatives and friends of the contracting parties were present. Both the bride and groom were unattended, but as they entered the parlors of the Mantor home Miss Georgia Horn, who presided at the piano, played Mendelssohn's wedding march, and while the vows were being spoken Miss Daisy Cawley and Miss Bertha Hall sang "O Promise Me."

The bride was attired in a dress made of Persian lawn trimmed with val lace and she carried a cluster of bridal roses. After the ceremony and congratulations had been extended, the guests were ushered into the dining room where the wedding supper was served. Mrs. Mantor was assisted in the dining room by Mrs. D. M. Clark, Mrs. George H. Brown, Miss Katherine Gallagher and Mrs. Horn.

The bride is well known in this city, having for years been stenographer in the office of the division store keeper. She is very popular and has a large circle of friends. Mr. Cook is employed in the same department of the Northern Pacific road, where he holds a clerkship. He is also well and favorably known.

Mr. and Mrs. Cook left on the midnight train for St. Paul where they will visit for a time, after which they go to Boone, Ia., the old home of the bride, for a short visit. Returning to Brainerd they will be at home in the house next to Judge Mantor's.

She first came to Crow Wing county to teach school and it was here that she met Mr. Blewitt. They were married something over a year ago. The deceased was a woman of rare quality, kind and loving, cheerful and helpful and always leading a life of true Christian integrity.

## TELLS MEANING OF SOCIALISM

Rev. Carl D. Thompson, of Lincoln, Nebraska, Addressed Large Audience at Gardner Hall Last Evening

There was a very large audience at Gardner hall last night to hear Rev. Carl D. Thompson, of Lincoln Nebraska, give his address, on "Socialism Defined." It was a good exposition of the socialistic movement and the speaker was loudly applauded throughout the evening. As an illustration of his logic the following excerpt is given from Rev. Mr. Thompson's address:

"Socialism is first of all a philosophy of history. It starts out, a study of the history of human society and it discovers that the social order is and always has been in process with progressive change. That history began with the mass of mankind in the chattel slavery. When economic conditions changed, seldom arose and then as the invention of machinery came another social revolution resulted and capitalism, the present form of society arose. And now we discover in the present situation the beginning of a still farther change. The present tendencies in society are bearing us on to another, a different and a better social order."

### TELLS MEANING OF SOCIALISM

Rev. Carl D. Thompson, of Lincoln, Nebraska, Addressed Large Audience at Gardner Hall Last Evening

There was a very large audience at Gardner hall last night to hear Rev. Carl D. Thompson, of Lincoln Nebraska, give his address, on "Socialism Defined." It was a good exposition of the socialistic movement and the speaker was loudly applauded throughout the evening. As an illustration of his logic the following excerpt is given from Rev. Mr. Thompson's address:

"Socialism is first of all a philosophy of history. It starts out, a study of the history of human society and it discovers that the social order is and always has been in process with progressive change. That history began with the mass of mankind in the chattel slavery. When economic conditions changed, seldom arose and then as the invention of machinery came another social revolution resulted and capitalism, the present form of society arose. And now we discover in the present situation the beginning of a still farther change. The present tendencies in society are bearing us on to another, a different and a better social order."

## SITUATION ALARMING

SOCIALISTS THREATEN TO PROCLAIM A GENERAL STRIKE IN HUNGARY.

PREMIER WOULD THEN ACT

COUNT TISZA WOULD PUT THE WHOLE KINGDOM UNDER MARTIAL LAW.

Vienna, April 26.—The Hungarian situation is regarded here as alarming. The Socialists threaten to proclaim a general strike throughout the country and in such an event it is stated in political circles that, Count Tisza, the Hungarian premier, will put the whole kingdom under martial law.

Popular excitement appears to be reaching a dangerous point and the critical condition of affairs is further intensified by the near approach of Labor day.

Following the tragic event at the market town of Eled, near Gross-Wardein, Sunday, in which a Socialist killed the commander of the gendarmes, which was followed by the killing of twenty-three rioters and the wounding of forty by the gendarmes, a general strike has broken out at Gross-Wardein. Monday the shops, cafes and restaurants there and even the schools are closed and the business life of the town is entirely suspended.

Five thousand teamsters at Budapest, 15,000 workmen at Debreczin, the chief town of the Haiduck district, and a large number of Szegedin, the capital of the county of Csongrad, are now on strike. Troubles are also feared in other towns.

Eight of the persons wounded in the disorders at Eled Sunday have since died.

Rioting, plundering and incendiarism were begun in some of the neighboring villages Monday, but the military was called out and speedily suppressed the disturbances.

**LIVINGSTON TOMB ROBBED.**

Remains of the Famous "Widow Mary" Spirited Away.

New York, April 26.—A special dispatch to the World from Hudson, N. Y., says: The startling discovery was made Monday that the family tomb of the Livingstons, on the nearby ancient Livingston manor place, had been broken open on Saturday night and robbed of its dead.

The body taken away, and of which there is no trace, was that of the wife of General Henry W. Livingston (Fighting Harry), famous half a century ago for her beauty, wealth and social prestige and known, because of her undying fidelity to the memory of her husband, as the "Widow Mary."

The metallic coffin was also carried off. That in which General Livingston was laid was demolished and the bones of the dead soldier were strewn about the vault. A third coffin, with the body it contained, is gone as completely as is that Mrs. Livingston. All of the other coffins in the vault were pried open, and the bones of the occupants dumped out.

**WOULD KILL LOUBET**

ITALIAN POLICE SEARCHING FOR PRIEST WHO THREATENED FRENCH PRESIDENT.

Rome, April 26.—The report sent from Rome to Berlin, printed in the Tageblatt of that city and circulated on the boerse and also circulated in the United States, that there was a plot against the life of President Loubet and that an attempt would be made to assassinate him, is without foundation. The report originated, perhaps, in the fact that a French priest went to the office of the Italia, where, becoming excited, he cried out that he had come to Rome to kill President Loubet. The editor of the Italia sent for the police, but before they arrived the priest had disappeared. The police then arrested several priests but in none of them could the excited clergyman, who had visited the office.

All search for this priest has proved unavailing. Nobody, however, attached importance to the incident.

**GAS COMPANY SUSPENDS.**

More Than a Million Dollars Invested in Its Property.

Red Key, Ind., April 26.—The Natural Gas company, holding company for the Ohio and Indiana Consolidated Gas company, the North Mercer Gas company and the Red Key Transportation Gas company, suspended operations Monday because of the shortage of gas. The increased demand for fuel and the increase of oil prospecting operations have resulted in a steady decreasing pressure. More than \$1,000,000 is invested in the company's power stations, lines and leases.

**Flood Damage in Nebraska.**  
Lincoln, Neb., April 26.—Reports from Southwestern Nebraska tell of heavy rains, overflowing rivers and flood damage. The Nemaha river is out of its banks and part of the town of Table Rock is inundated. All around Sterling large lands are under water. At Humbolt both the Nemaha and Long Branch have flooded the lower part of the town, forcing residents to desert their homes.

**Dominican Port Blocked.**  
San Domingo, April 26.—The government has issued a decree declaring the Port of Mount Christi blocked. A gunboat will be stationed at that port to prevent the entrance of ships.

## FLOOD DANGER OVER

KANSAS RIVER EXPECTED TO RE-CEDE WITHOUT DOING ANY MORE DAMAGE.

Kansas City, Mo., April 26.—Kansas river rose an inch an hour Monday and was still rising at night, but is below the danger line and will fall today. The river is falling at Topeka. Weather Observer Connor says there is not a particle of danger of flood at this time. Probably \$50,000 damage was done in and around Kansas City Monday by the washing out of county and city bridges and flooding of buildings.

The furious current in the Kansas river carried away the suspension foot bridge between Argentine and Armourdale, and hurled the wreckage against the unfinished Twelfth street bridge, 120 feet down stream, knocking out the false work under a half-finished steel span and it tumbled into the river. It will take three months to repair this damage. The bridges lower down stream are watched carefully to prevent accumulation of driftwood. The street car bridge from the stock yards to Armourdale is in danger and cars cross cautiously. All points in Western Missouri and Eastern Kansas report heavy rain and high water. Trains on all railroads are delayed by soft track and washouts.

The Fifth street bridge, over which the street cars pass between the Missouri side and the Wyandotte section of Kansas City, Kan., has been abandoned as dangerous for cars, but pedestrians cross.

**BOTTOM LANDS FLOODED.**

Heaviest Rainfall in Years at Jefferson City, Mo.

Jefferson City, Mo., April 26.—During the past forty-eight hours fourteen inches of rain has fallen here, the greatest amount in that space of time recorded in many years. All the bottom lands are flooded, doing much damage to wheat and other growing crops. The Missouri river has risen 6 feet and is continuing to rise at the rate of an inch an hour and is more than two feet above the danger line.

Cedar City, across the river from here, is partly submerged and people are moving from their homes.

**RIVER RISING RAPIDLY.**

Residents of St. Louis Preparing for a Flood.

St. Louis, April 26.—The Mississippi river is rising rapidly here and preparations to resist a possible flood are hastily being made. The government weather bureau has issued a flood warning advising that precautions be taken to guard against a probable stage of 35 feet by Thursday. The danger line here is 30 feet and the river now registers over 28 feet. In East St. Louis, Ill., a large number of men are building dykes. So far no damage has been done by the rising tide.

**IOWA RIVERS RISING.**

Repetition of Last Year's Disastrous Floods Feared.

Des Moines, Ia., April 26.—The recent heavy rains have caused the rivers to rise in this vicinity and a repetition of the disastrous Des Moines river flood of last year is feared. The Skunk river near Colfax is three miles wide and has overflowed the tracks of the Colfax and Valerla railroad.

## They Come Hundreds of Miles to See Him.

NOTHING SO WONDERFUL IN THE DAYS OF SPECIALISM.

**Dr. Rea.**

The success of Dr. Rea is attributed to his special study of specialism. Dr. Rea, student, philanthropist and man of wide reputation, having given his entire time and practice to a line of special diseases, which enables him from long experience in handling these troubles to certainly come forward as a master specialist. His faculty for mastering disease, his ability to diagnose, and his plan of treatment is not to be excelled by few other physicians. Dr. Rea, although a young man in life, a plain man, and one who is used to the ups and downs of life, puts himself on a level with his patients, and does not profess or pretend to practice the old plan of fashion, which is to look wise and say nothing. He knows disease; he knows how to explain the symptoms of disease; he knows where to look for disease; and the spot where located, and most of all he knows from experience, from what he has done in the past, he can certainly do for others in the future. It is said by Dr. Rea's friends that he can diagnose a disease of any patient without asking them a single question; that being the case, he is not likely to doctor them for the wrong ailment; he will not take an incurable disease and lead the patients to believe that he can cure them when there is really no hope for them. His business is large and he has plenty to do, even, at times, more than he can do, without taking incurable diseases and deceiving his patients. Dr. Rea is a graduate from one of the best English universities, as well as being a graduate from two of the best schools in America. He has practiced his profession in some of the principal hospitals in this country. His specialty comprises that class of diseases which the ordinary home doctor fails to cure. His practice is mostly among the plain, hard-working people, who are unable to come to his city office for treatment; he is reasonable in his charges and very lenient with those who are unable to pay. He is charitable, and it is said has never been known to refuse to treat a patient who is worthy and in need. A number of important cases that we hereby take the liberty to publish, which might be of interest to some who wish to know more of Dr. Rea's great work.

Anton Simonson, girl, Wahpeton, N. D. Cured of chronic catarrh and discharging ears.

Mrs. Michael Murphy, Emmetsburg, Iowa. Cured of chronic blood disease, that other doctors had all failed to cure even after years of experimenting with her.

Oscar Mork, 609 West Superior St., Duluth, Minn. Cured of chronic dyspepsia, bowel troubles.

Wm. F. Myer, Dexter, Minn. Cured of chronic stomach and bowel troubles by Dr. Rea's Cascarine treatment.

Oscar Halstein, Fargo, N. D. Cured of consumption. Mr. Halstein had doctored with a number of other doctors before treating with Dr. Rea.

Mike Curren, Minto, S. D. Says Dr. Rea's treatment worked wonders on him; after taking it a short time felt better than he had for years.

Mrs. G. W. Varco, Austin, Minn. Cured of a large cancer of the breast without cutting or without the plaster. Cured with Dr. Rea's new plan of treatment, which is one of the grandest dis-

coveries the world has ever known for completely curing cancer, so that it never returns again.

L. Tremar, Paige, Texas. Cured of a long lingering case of piles, without an operation.

A. C. Meyer, Ormsby, Minn. Cured of bad cancer of the lip in two treatments. Cured by the injection plan.

Mrs. N. F. Johnson, Morton, N. D. Cured of nervous prostration and epilepsy, after all other treatments had failed.

Mrs. Martha Murphy, St. Cloud, Minn., says Dr. Rea saved my life. He was the doctor who knew where to look for disease, where to find it and to cure it after it was found.

A. Fullwhiler, Round Lake, Minn. Cured of chronic Bright's disease.

Edgar Putnam, Weaver, Minn. Cured of bad case of eczema of the skin.

Mrs. H. C. Dorman, Minnisk, Minn. Cured of bad case of protruding piles.

Mrs. B. A. Moore, near Grantsburg, Wis. Cured of floating kidney that had almost taken her life.

Mrs. Chris Wethal, 3821 Halifax St., West Duluth, Minn., cured of cross eyes in five minutes.

Mrs. Alexander Swanson, Oakes, N. D., cured of bad cancer of the face. Had had it cut out and it came back. Three of Dr. Rea's injection treatments cured her.

S. M. Moore, Gladstone, N. D., writes: "Dr. Rea you cured my son over a year ago. I have another sick boy and want you to doctor him."

Fred L. Dicker, Gilby, N. D., cured of disease of the kidney. Was very bad. A few months' treatment completely cured him.

Mrs. Maurice Miller, Beaver, Minn., cured of epilepsy.

Mrs. N. C. Olson, East Grand Forks, Minn., cured of big knee, varicose vein and rheumatism.

Miss Emma Geving, McIntosh, Minn., cured of consumption.

W. H. Nulph, Wyndmere, N. D., cured of cancer of the face in two treatments.

Martha Willheim, Rt. No. 5, Minneapolis, Minn., cured of long standing epilepsy.

Joe McGowan, St. Anthony Park, Minn., cured of gall stones of the liver. Doctors said he would die. Dr. Rea cured him in three months.

Charles Grondysee, Slayton, Minn., cured of consumption by Dr. Doran with Dr. Rea's celebrated cure for consumption.

Mrs. Nels Carlson, Buffalo, Minn., cured of large cancer of the breast. Cured by the hypodermic injection plan discovered by Dr. Rea. There is no failing with this treatment.

Special to the Dispatch; Dr. Rea will make his next regular professional visit to Duluth, Minn., at the Spalding hotel, Saturday, April 23, from 9 a. m. until 3 p. m.; Staples, Minn., at the Hotel Closterman, Monday, April 25th, from noon until 6 p. m.; Aitkin, Minn., at the Willard Hotel, Tuesday April 26th from 9 a. m. to 6 p. m.; Brainerd, Minn., at the National Hotel, Wednesday, April 27th, from 9 a. m. until 6 p. m. These professional visits of Dr. Rea to the towns as above stated will furnish his many patients an opportunity to see this eminent specialist close to their homes. His consultation and examination to those interested, one dollar.

New York, April 26.—A special dispatch to the World from Hudson, N. Y., says: The startling discovery was made Monday that the family tomb of the Livingstons, on the nearby ancient Livingston manor place, had been broken open on Saturday night and robbed of its dead.

The body taken away, and of which there is no trace, was that of the wife of General Henry W. Livingston (Fighting Harry), famous half a century ago for her beauty, wealth and social prestige and known, because of her undying fidelity to the memory of her husband, as the "Widow Mary."

The metallic coffin was also carried off. That in which General Livingston was laid was demolished and the bones of the dead soldier were strewn about the vault. A third coffin, with the body it contained, is gone as completely as is that Mrs. Livingston. All of the other coffins in the vault were pried open, and the bones of the occupants dumped out.

## WOULD KILL LOUBET

ITALIAN POLICE SEARCHING FOR PRIEST WHO THREATENED FRENCH PRESIDENT.

Rome, April 26.—The report sent from Rome to Berlin, printed in the Tageblatt of that city and circulated on the bores and also circulated in the United States, that there was a plot against the life of President Loubet and that an attempt would be made to assassinate him, is without foundation. The report originated, perhaps, in the fact that a French priest went to the office of the Italia, where, becoming excited, he cried out that he had come to Rome to kill President Loubet. The editor of the Italia sent for the police, but before they arrived the priest had disappeared. The police then arrested several priests but in none of them could the staff of the Italia recognize the excited clergyman, who had visited the office.

All search for this priest has proved unavailing. Nobody, however, attached importance to the incident.

## GAS COMPANY SUSPENDS.

More Than a Million Dollars Invested in Its Property.

Red Key, Ind., April 26.—The Natural Gas company, holding company for the Ohio and Indiana Consolidated Gas company, the North Mercer Gas company and the Red Key Transportation Gas company, suspended operations Monday because of the shortage of gas. The increased demand for fuel and the increase of oil prospecting operations have resulted in a steady decreasing pressure. More than \$1,000,000 is invested in the company's power stations, lines and leases.

## Flood Damage in Nebraska.

Lincoln, Neb., April 26.—Reports from southwestern Nebraska tell of heavy rains, overflowing rivers and flood damage. The Nemaha river is out of its banks and part of the town of Table Rock is inundated. All around Sterling farm lands are under water. At Humboldt both the Nemaha and Loup Branch have flooded the lower part of the town, forcing residents to desert their homes.

## Dominican Port Blockaded.

San Domingo, April 26.—The government has issued a decree declaring the Port of Monte Christi blockaded. A gunboat will be stationed at that port to prevent the entrance of ships.

## FLOOD DANGER OVER KANSAS RIVER EXPECTED TO RE-CEDE WITHOUT DOING ANY MORE DAMAGE.

Kansas City, Mo., April 26.—Kansas river rose an inch an hour Monday and was still rising at night, but is below the danger line and will fall today. The river is falling at Topeka. Weather Observer Connor says there is not a particle of danger of flood at this time. Probably \$50,000 damage was done in and around Kansas City Monday by the washing out of county and city bridges, and flooding of buildings.

The furious current in the Kansas river carried away the suspension foot bridge between Argentine and Armourdale, and hurled the wreckage against the unfinished Twelfth street bridge, 120 feet down stream, knocking out the false work under a half-finished steel span and, it tumbled into the river. It will take three months to repair this damage. The bridges lower down stream are watched carefully to prevent accumulation of driftwood.

The street car bridge from the stock yards to Armourdale is in danger and cars cross cautiously. All points in Western Missouri and Eastern Kansas report heavy rain and high water. Trains on all railroads are delayed by soft track and washouts.

The Fifth street bridge, over which the street cars pass between the Missouri side and the Wyandotte section of Kansas City, Kan., has been abandoned as dangerous for cars, but pedestrians cross.

## BOTTOM LANDS FLOODED.

Heaviest Rainfall in Years at Jefferson City, Mo.

Jefferson City, Mo., April 26.—During the past forty-eight hours fourteen inches of rain has fallen here, the greatest amount in that space of time recorded in many years. All the bottom lands are flooded, doing much damage to wheat and other growing crops. The Missouri river has risen 6 feet and is continuing to rise at the rate of an inch an hour and is more than two feet above the danger line.

Cedar City, across the river from here, is partly submerged and people are moving from their homes.

## RIVER RISING RAPIDLY.

Residents of St. Louis Preparing for a Flood.

St. Louis, April 26.—The Mississippi river is rising rapidly here and preparations to resist a possible flood are hastily being made. The government weather bureau has issued a flood warning advising that precautions be taken to guard against a probable stage of 35 feet by Thursday.

The danger line here is 20 feet and the river now registers over 28 feet.

In East St. Louis, Ill., a large number of men are building dykes. So far no damage has been done by the rising tide.

## IOWA RIVERS RISING.

Repetition of Last Year's Disastrous Floods Feared.

Des Moines, Ia., April 26.—The recent heavy rains have caused the rivers to rise in this vicinity and a repetition of the disastrous Des Moines river flood of last year is feared. The Skunk river near Colfax is three miles wide and has overflowed the tracks of the Colfax and Valerla railroad.

## They Come Hundreds of Miles to See Him.

NOTHING SO WONDERFUL IN THE DAYS OF SPECIALISM.

## Dr. Rea.

The success of Dr. Rea is attributed to his special study of specialism. Dr. Rea, student, philanthropist and man of wide reputation, having given his entire time and practice to a line of special diseases, which enables him from long experience in handling these troubles to certainly come forward as a master specialist. His faculty for mastering disease, his ability to diagnose, and his plan of treatment is not to be excelled by few other physicians. Dr. Rea, although a young man in life, a plain man, and one who is used to the ups and downs of life, puts himself on a level with his patients, and does not profess or pretend to practice the old plan of fashion, which is to look wise and say nothing. He knows disease; he knows how to explain the symptoms of disease; he knows where to look for disease; and the spot where located, and most of all he knows from experience, from what he has done in the past, he can certainly do for others in the future. It is said by Dr. Rea's friends that he can diagnose a disease of any patient without asking them a single question; that being the case, he is not likely to doctor them for the wrong ailment; he will not take an incurable disease and lead the patients to believe that he can cure them when there is really no hope for them. His business is large and he has plenty to do, even at times, more than he can do, without taking incurable diseases and deceiving his patients. Dr. Rea is a graduate from one of the best English universities, as well as being a graduate from two of the best schools in America. He has practiced his profession in some of the principal hospitals in this country. His specialty comprises that class of diseases which the ordinary home doctor fails to cure. His practice is mostly among the plain, hard-working people, who are unable to come to his city office for treatment; he is reasonable in his charges and very lenient with those who are unable to pay. He is charitable, and it is said has never been known to refuse to treat a patient who is worthy and in need. A number of important cases that we hereby take the liberty to publish, which might be of interest to some who wish to know more of Dr. Rea's great work.
